

Social Value Belgium

Social Value Stories Belgium

C-lever.org and the Social Value Belgium network have secured **6 slots for inspiring social value stories from Belgium** to be pitched at the [Social Value Matters 2020](#) international conference.

We are thus launching a call to those of you who have an inspiring social value story to share. The formula is simple, the selected speakers will be provided a high-level virtual podium to pitch, for 5 to 7 minutes, on inspiring good practices and/or ideas on generating, demonstrating and/or leveraging social, environmental and/or other societal value. After the pitch we will have another 7 minutes for reactions, feedback, etc.; before moving to the next pitch.

We welcome stories from (social) enterprises, civil society, non-governmental or public organisations or individuals. Your story should have some strong roots in or connection with Belgium, but it may be about generating social value and impact elsewhere and/or embedded in international collaboration.

You may want to connect with the following key themes of the conference :

- a) Policies, Tools & Levers to Address Inequality and Climate Change ;
- b) Community-Driven Outcomes Create More Impact for Everyone ;
- c) Sustainability is Financial, Environmental and Social and/or
- d) Our Post-COVID Future.

The connection to one of these themes is welcome but certainly not a requirement. The main selection criteria will be *the inspiring potential* of the story and of the good social value practices and/or impact ideas and experiences you propose to share.

We will have 2 slots of 45 minutes each on Thursday 1st and Friday 2nd October 2020, which allows for 6 stories to be pitched. You are free to pitch in English, Dutch or French.

If you are interested, please send your **1 page proposal** (in the language of your intended pitch) to impact@c-lever.org. Please feel free to contact us if you need more information before applying. Your proposal should reach us as soon as possible and by Thursday 3rd September 2020 at the latest. Applicants will be quickly provided with pre-qualification feedback; the final selection of speakers will be announced by Monday 7th September 2020.

C-lever.org and Social Value Belgium are looking forward to your contribution!
